

## Premium Licensing Program

The Premium Licensing Program (PLP) is a powerful member benefit for your organization. PLP enables you to offer full access to GrantStation from the secure area of your website, delivering accurate, targeted, and up-to-date information on available grant opportunities to your audience.

### PLP Criteria

- The partner must be an association, member-based organization, business, or other entity serving multiple grant-funded organizations.
- The partner must have a website with a unique username and password protected area with SSL to securely create a landing page or post a link to GrantStation.
- The partner must participate in a simple security evaluation of their website prior to launching the Premium Licensing Program.

### PLP Benefits and Features

- There is no need for additional login information — once your member is logged into your website, they are automatically logged into the GrantStation website.
- Through the GrantStation website, your members receive:
  - full and unlimited access to GrantStation's databases and funding pages to find private and government funders that match their scope and missions;
  - tutorials and resources to help them build a comprehensive grantseeking strategy and write effective proposals;
  - a dashboard to develop and manage their grantseeking strategy;
  - access to award-winning proposals; and,
  - articles and blog posts on the latest grant developments.
- As a partner, you will receive an annual one-hour live tour of GrantStation customized to your constituents and aggregate login usage reports, sent quarterly.

### PLP Costs

- GrantStation charges your organization quarterly based on the number of logins.
  - Fees start at \$937.50 per quarter for 1-500 logins.
